

Tuesday – Try It: Practice Creativity

Today I'm learning to...

practice Creativity by trying something in a new or unexpected way.

Activity:

Choose one everyday object (a pencil, shoe, leaf, cup, toy).

Then answer:

- What else could this be?
- How many different ways can it be used?
- What new idea does it give you?

Write or draw 3–5 creative possibilities.

Examples:

- A spoon becomes a tiny catapult.
- A leaf becomes a boat.
- A paperclip becomes a miniature sculpture.

Reflection:

- Which idea surprised you the most?

Drawing or Journal Space:
